SKILLS

- UI/UX
Excellent
- Web developer
Beginner
- App developer:
Beginner

HOBBIES

- Reading
- Music
- Traveling

Experience

Zenvatech: I had a one month internship at this tech start-up which helped me get some experience at front-end development.

Tecnovice: I had a two month internship here which helped me not only get experience on both front- end and back-end development but to further my knowledge on front-end development.
